

We will immerse ourselves in the topic and make sea creature for our classroom.

We will write questions about what we would like to learn.

We will learn what countries are in the U.K and their capital cities.

We will name and locate the 7 continents and the 5 Oceans.

We will learn about the primary colours and experiment to see what secondary colours they make when they are mixed.

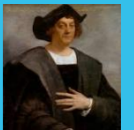

We will learn about the artist Henri Matisse and produce an aquarium style piece of artwork.

We will celebrate our learning with a learning exhibition. This is our WOW outcome.

We will learn about the voyager Christopher Columbus.

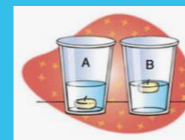

We will go to the Deep.

We will learn all about the Arctic.

We will experiment to see whether different object floats or sinks.

We will investigate different materials and their properties.

We will use compass directions to direct a beeboot around different locations on a map.
